★★★★★ HOTEL THE PEARL  
MARRAKECH (MOROCCO)

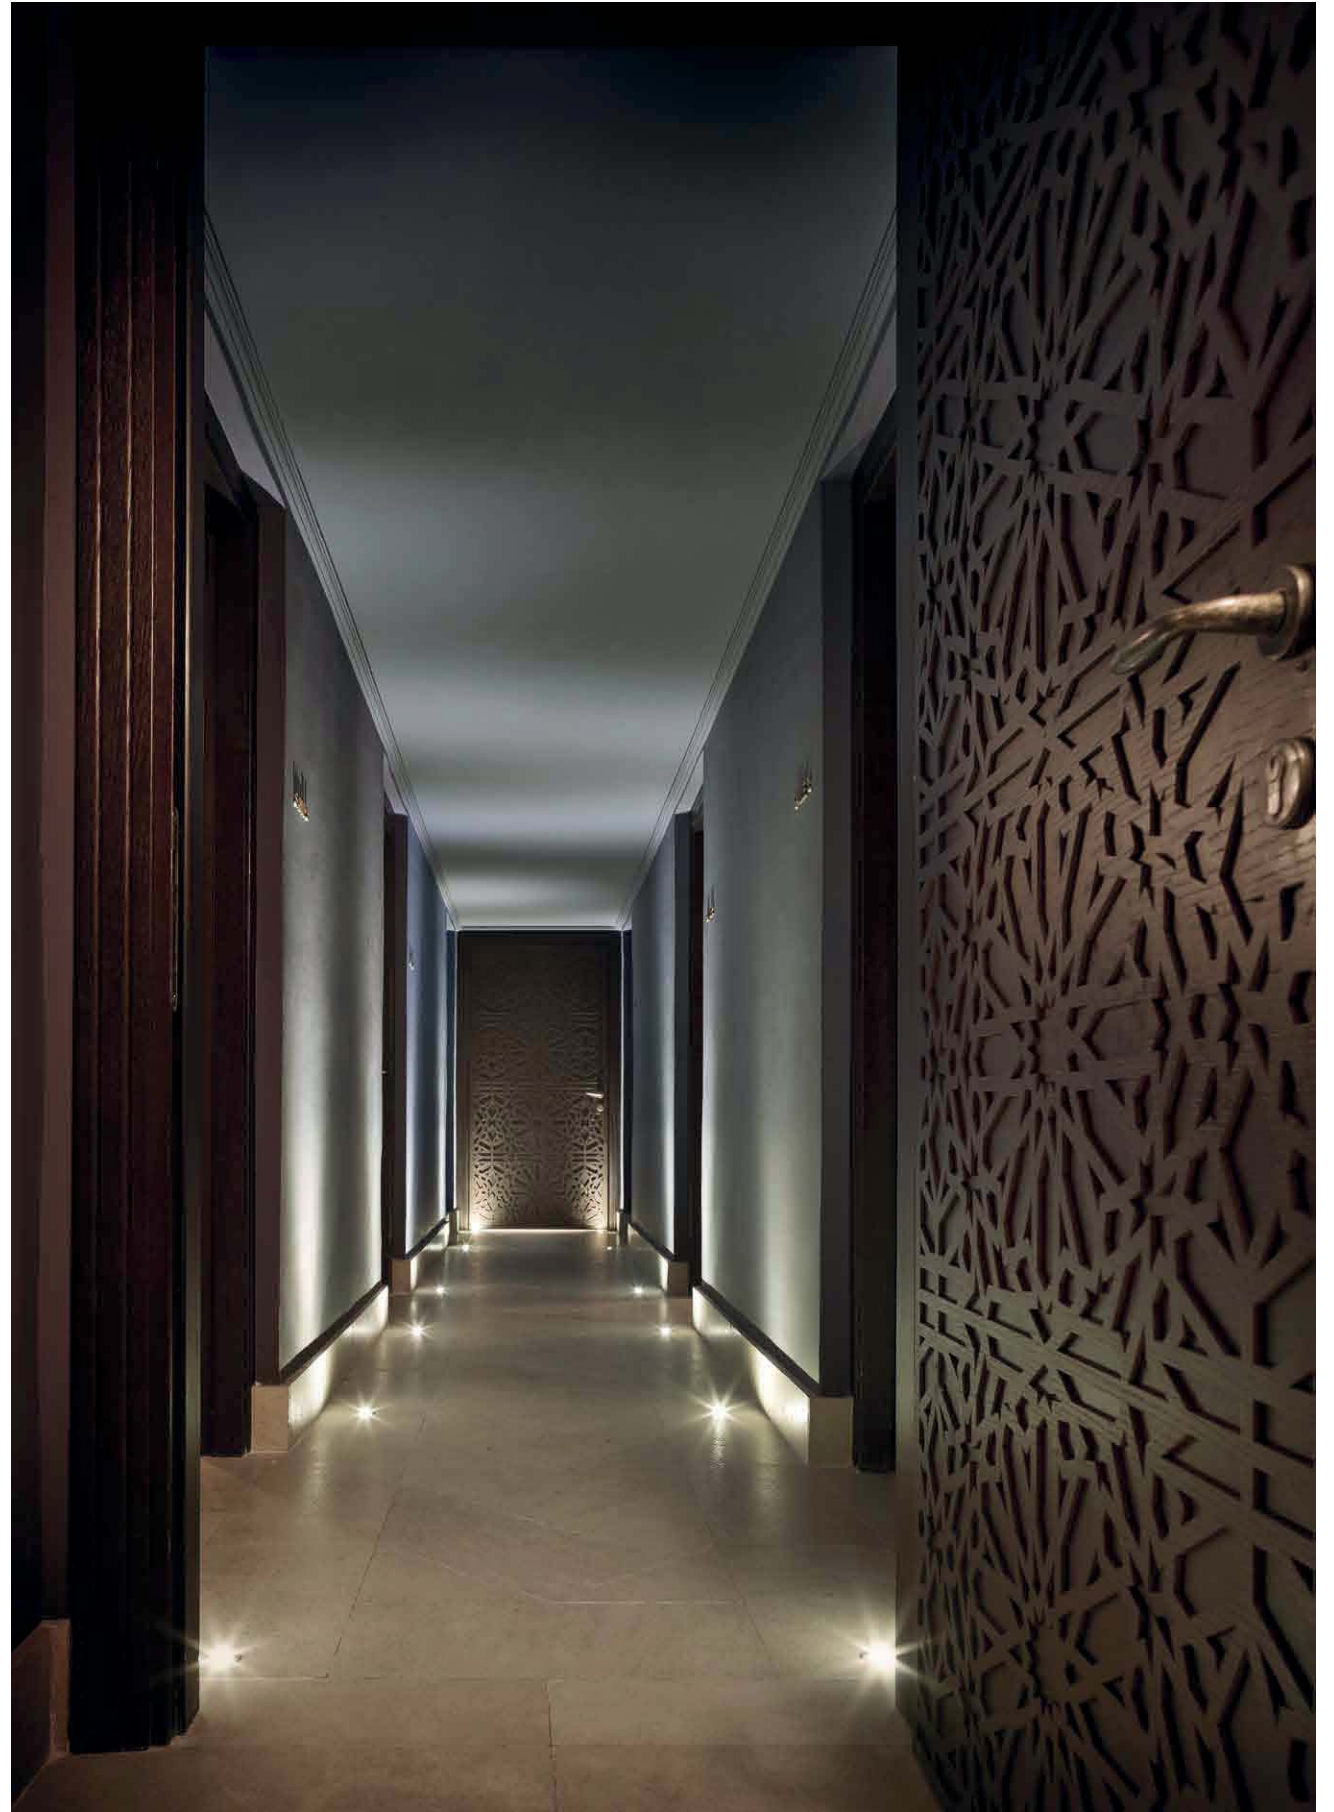

72 SUITES. LOCATED IN THE EXCLUSIVE QUARTER FOR TOURISM, THE HIVERNAGE OF MARRAKECH IS FIVE MINUTES AWAY FROM THE ROYAL PALACE AND JAMAA EL FNA SQUARE

A seductive project that invites one to Discovery: already visible from afar, its curved architectural form that recalls the proportions of a pearl permits the eye to wander freely. Inside, a treasure chest of sensations balanced between past and present: the warm and Baroque style of eastern tradition and the Musharabia are modernised by the laser finishes, with laser carvings in the wood. The restaurants of the Hotel The Pearl host prestigious chefs and their spaces are a renowned location even for television and cinema sets.

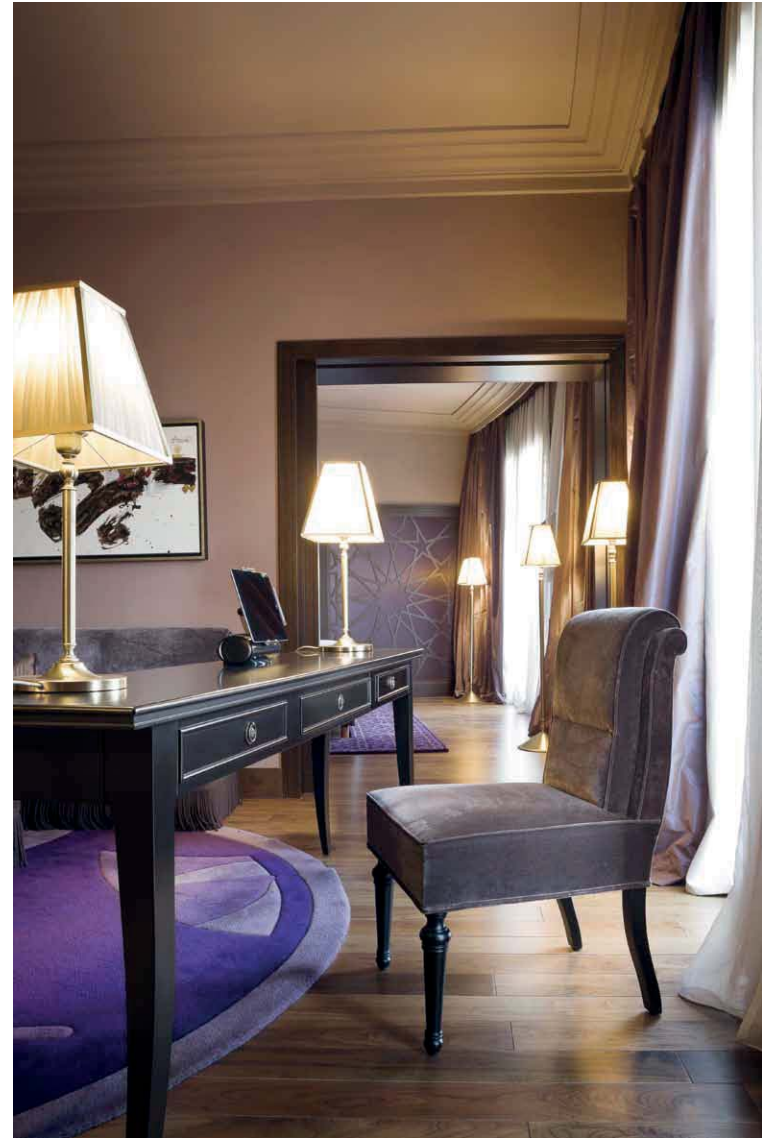

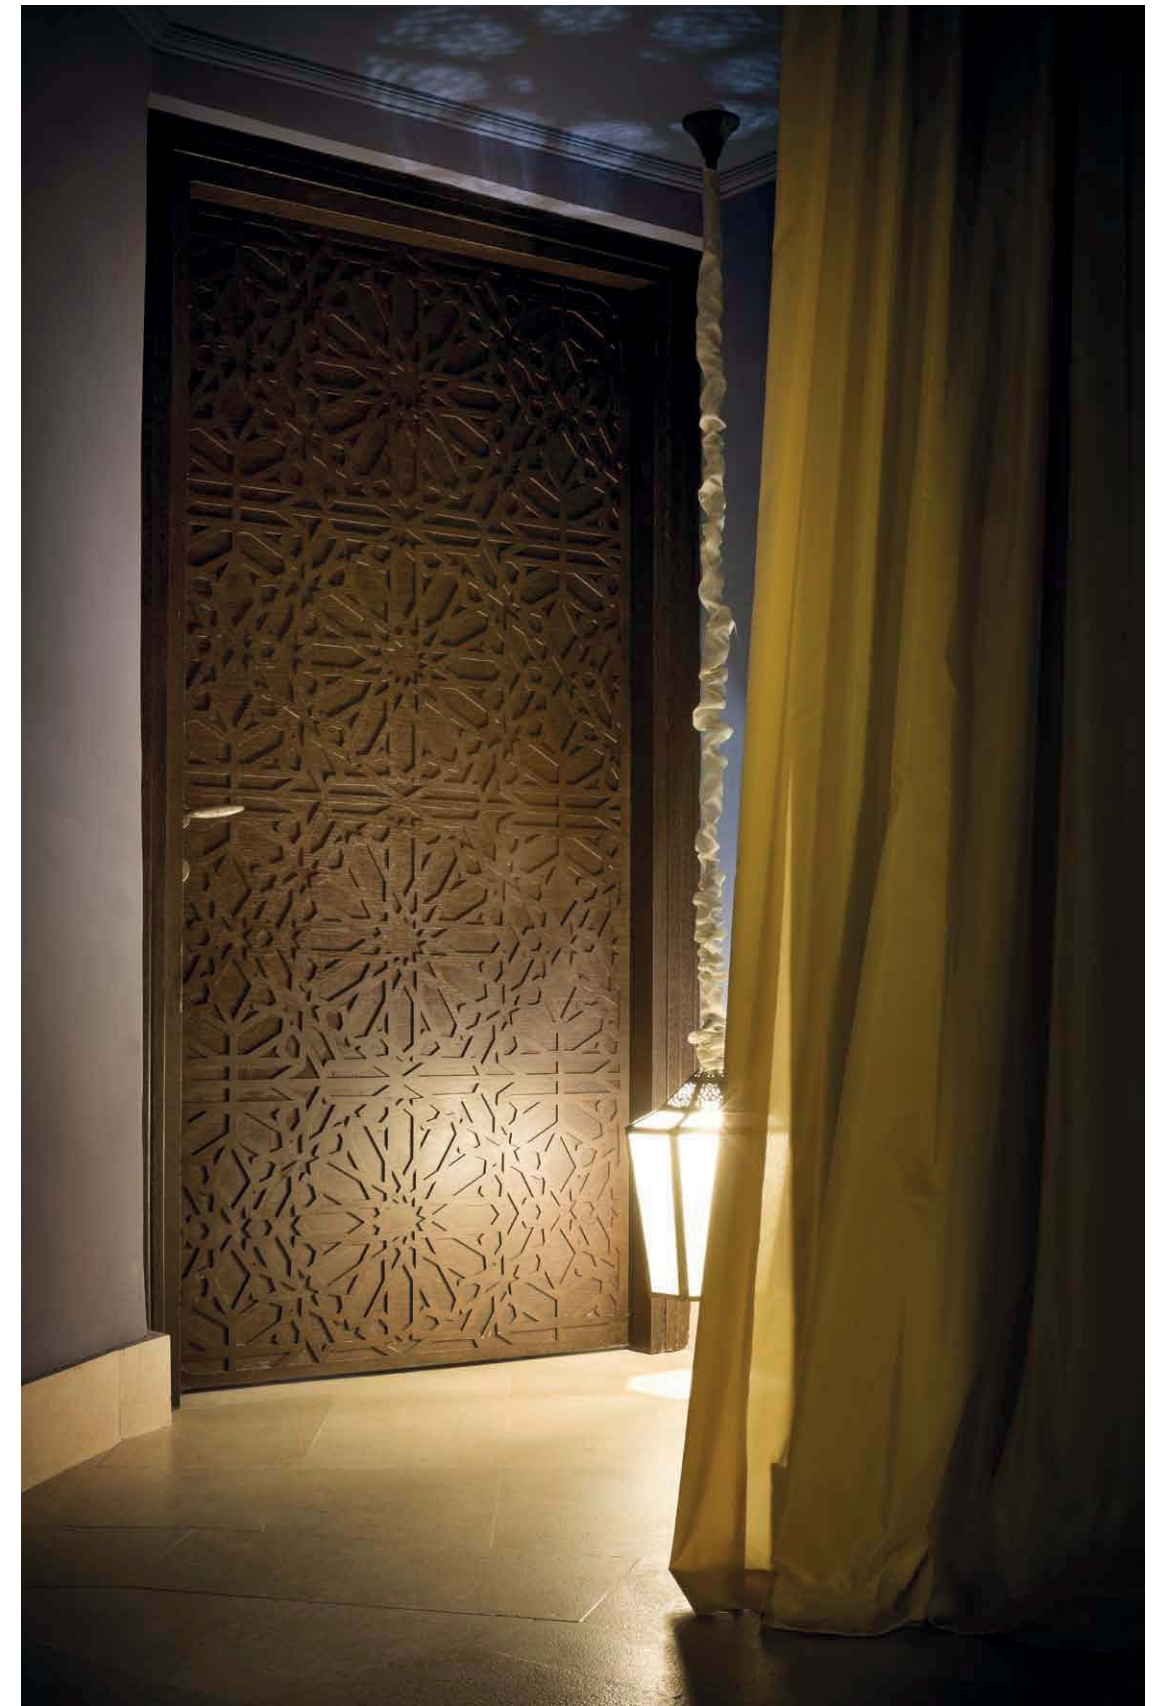

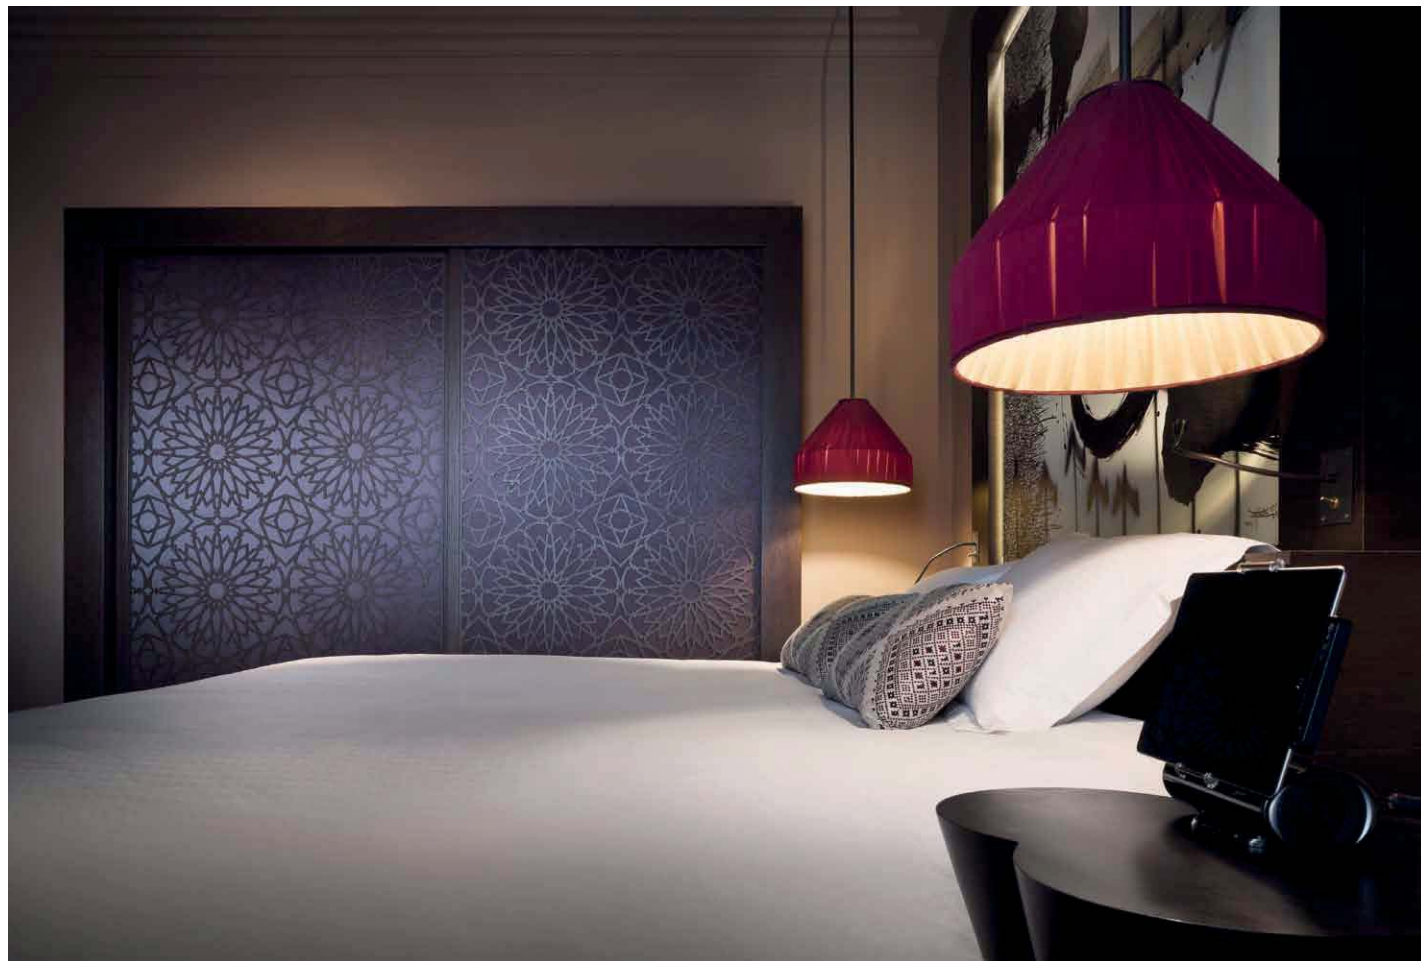

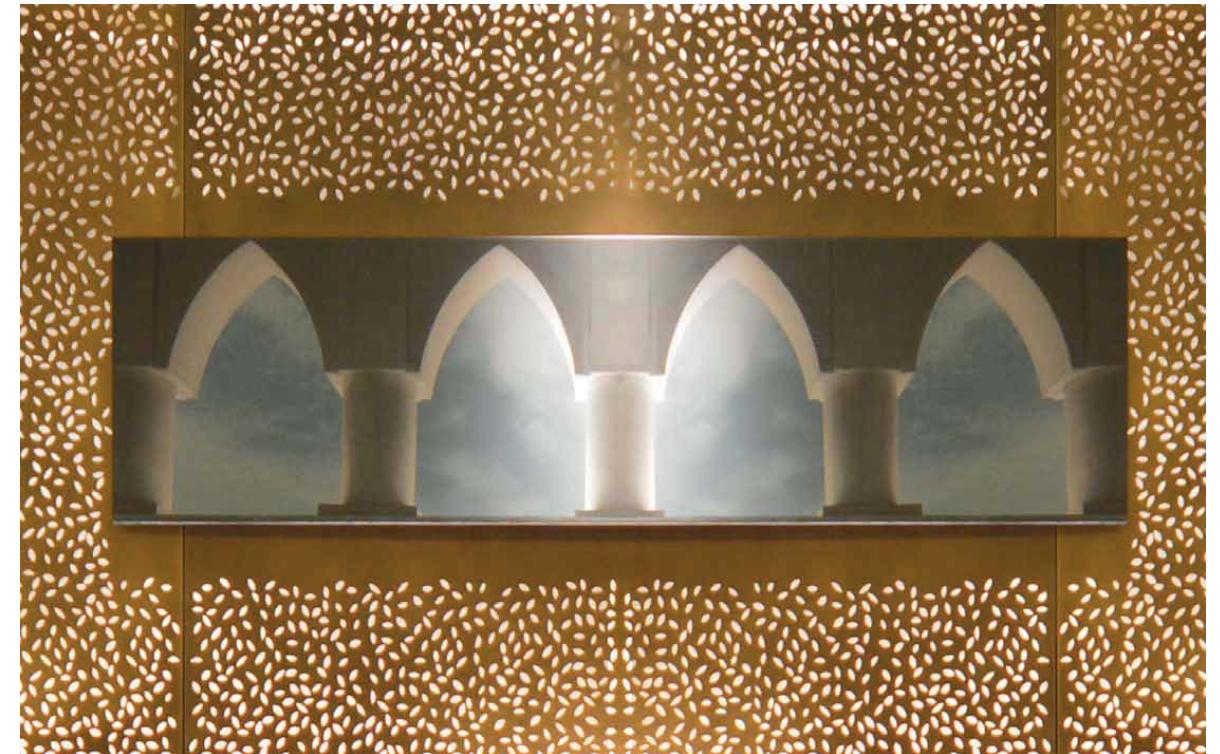

★★★★★ HOTEL WESTIN

DOHA (QATAR)

365 ROOMS OF WHICH THE STANDARD AND EXECUTIVE ROOMS ARE 46 SQUARE METRES  
THE PRESIDENTIAL SUITES HAVE A SURFACE AREA OF 440 AND 660 SQUARE METRES

The new reference point for luxury in Qatar: a rich and complex project, elegant and sophisticated,  
created to host world leaders and offering exclusivity. Innovative technical solutions react on a  
cornucopia of high-quality materials. The bronze and the other metallic surfaces that are laser  
engraved with infinite care stand next to soft leather crafted by artisans, lending a unique character  
to each environment.

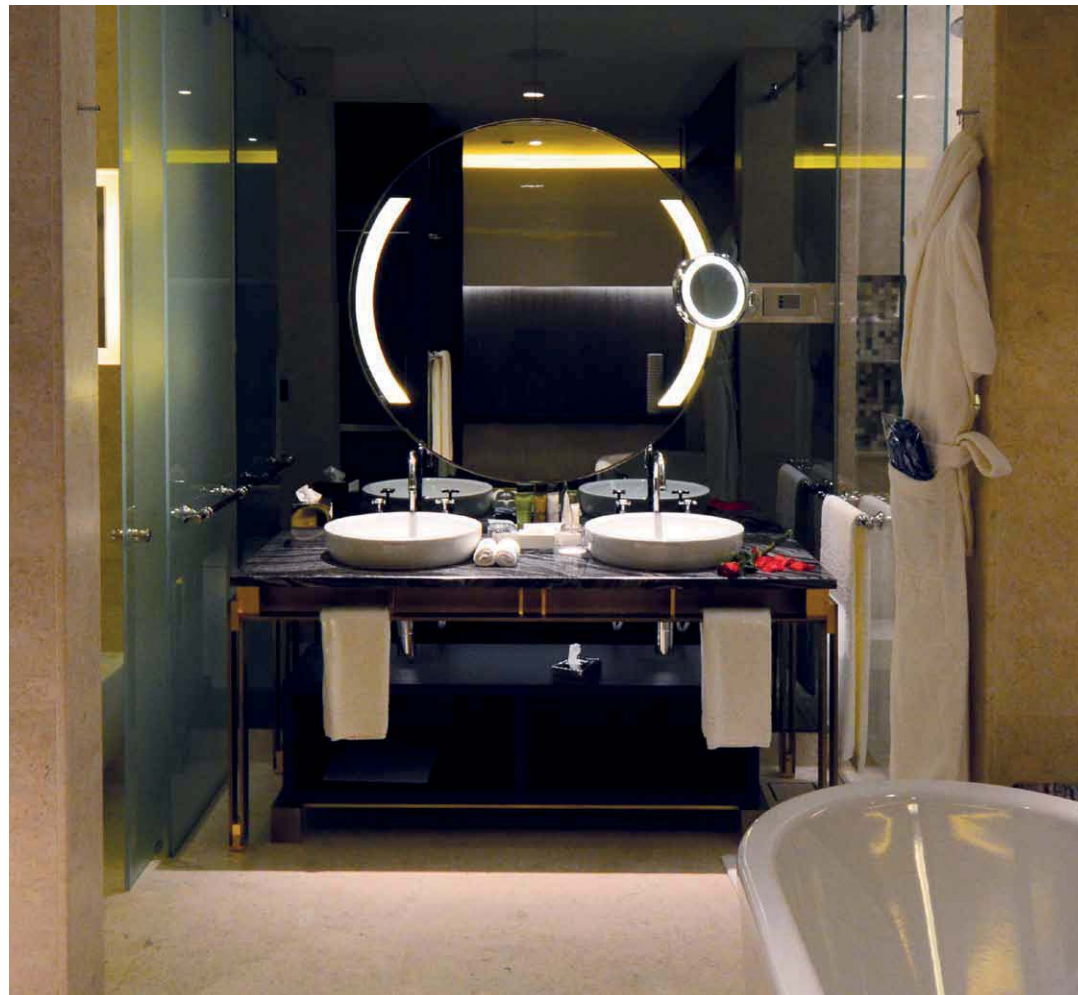

★★★★ HOTEL CROWNE PLAZA

BELGRADE (SERBIA)

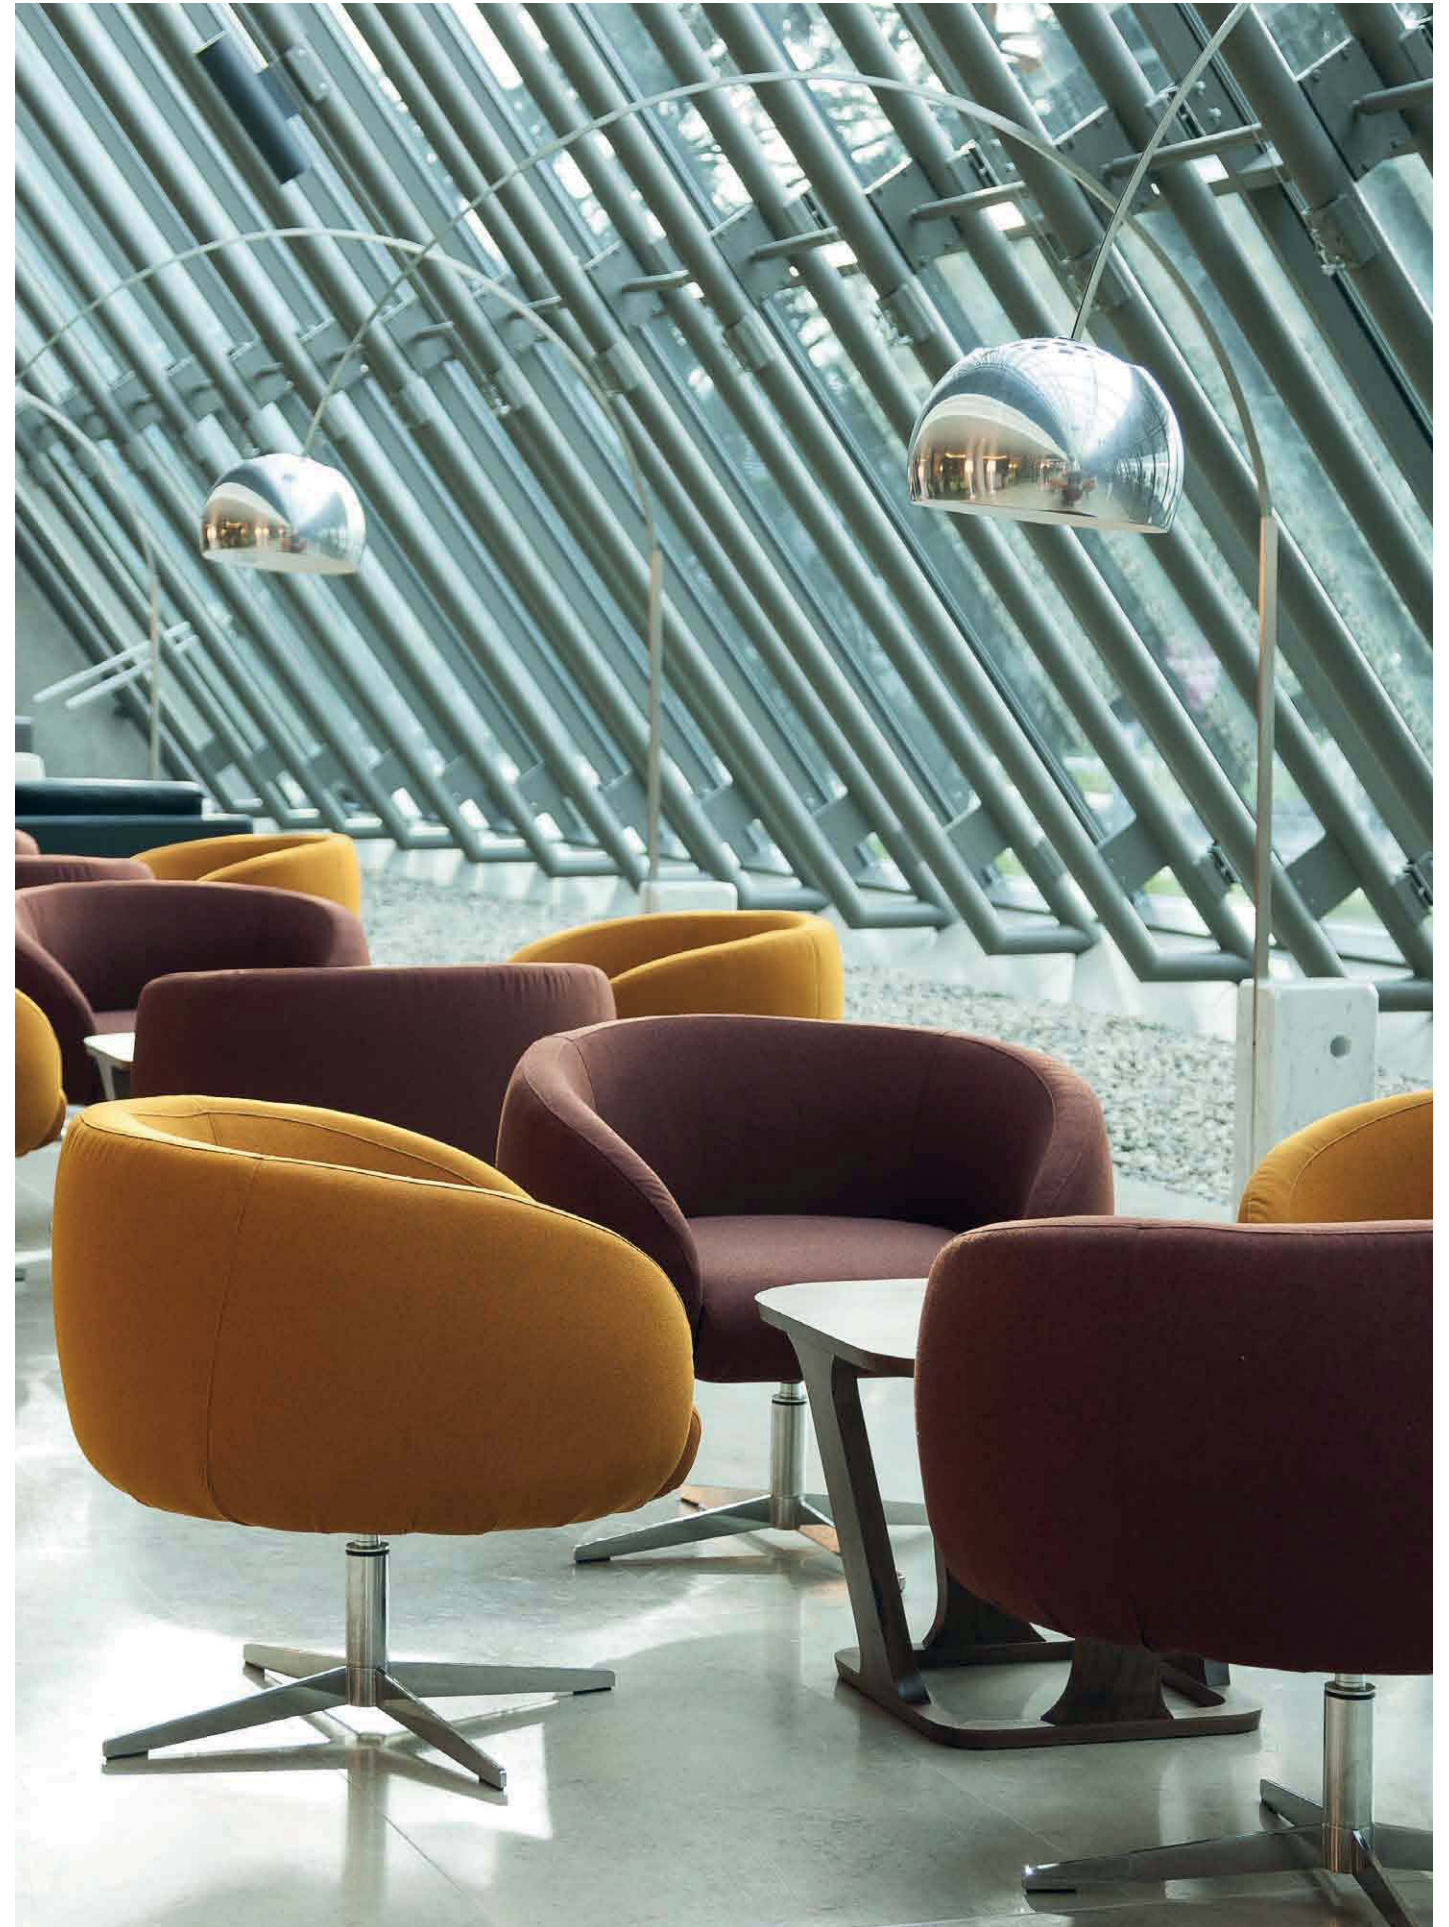

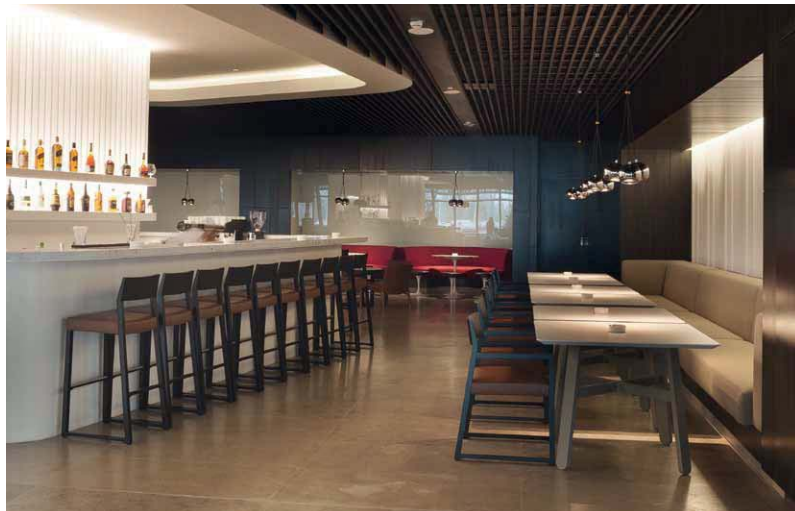

416 ROOMS, CLUB ROOMS AND SUITES

A modern hotel located in the central business district of New Belgrade, the Crowne Plaza is ideal to host company events and conferences of any size. The interior spaces are rigorous and elegant, with a series of citations, especially from the 1960s, that create a fertile dialogue between past and present. Innovative technical solutions, materials finished with great care and prestigious artisan details in the stitches of the best fabrics testify to a quality that is entirely Made in Italy.

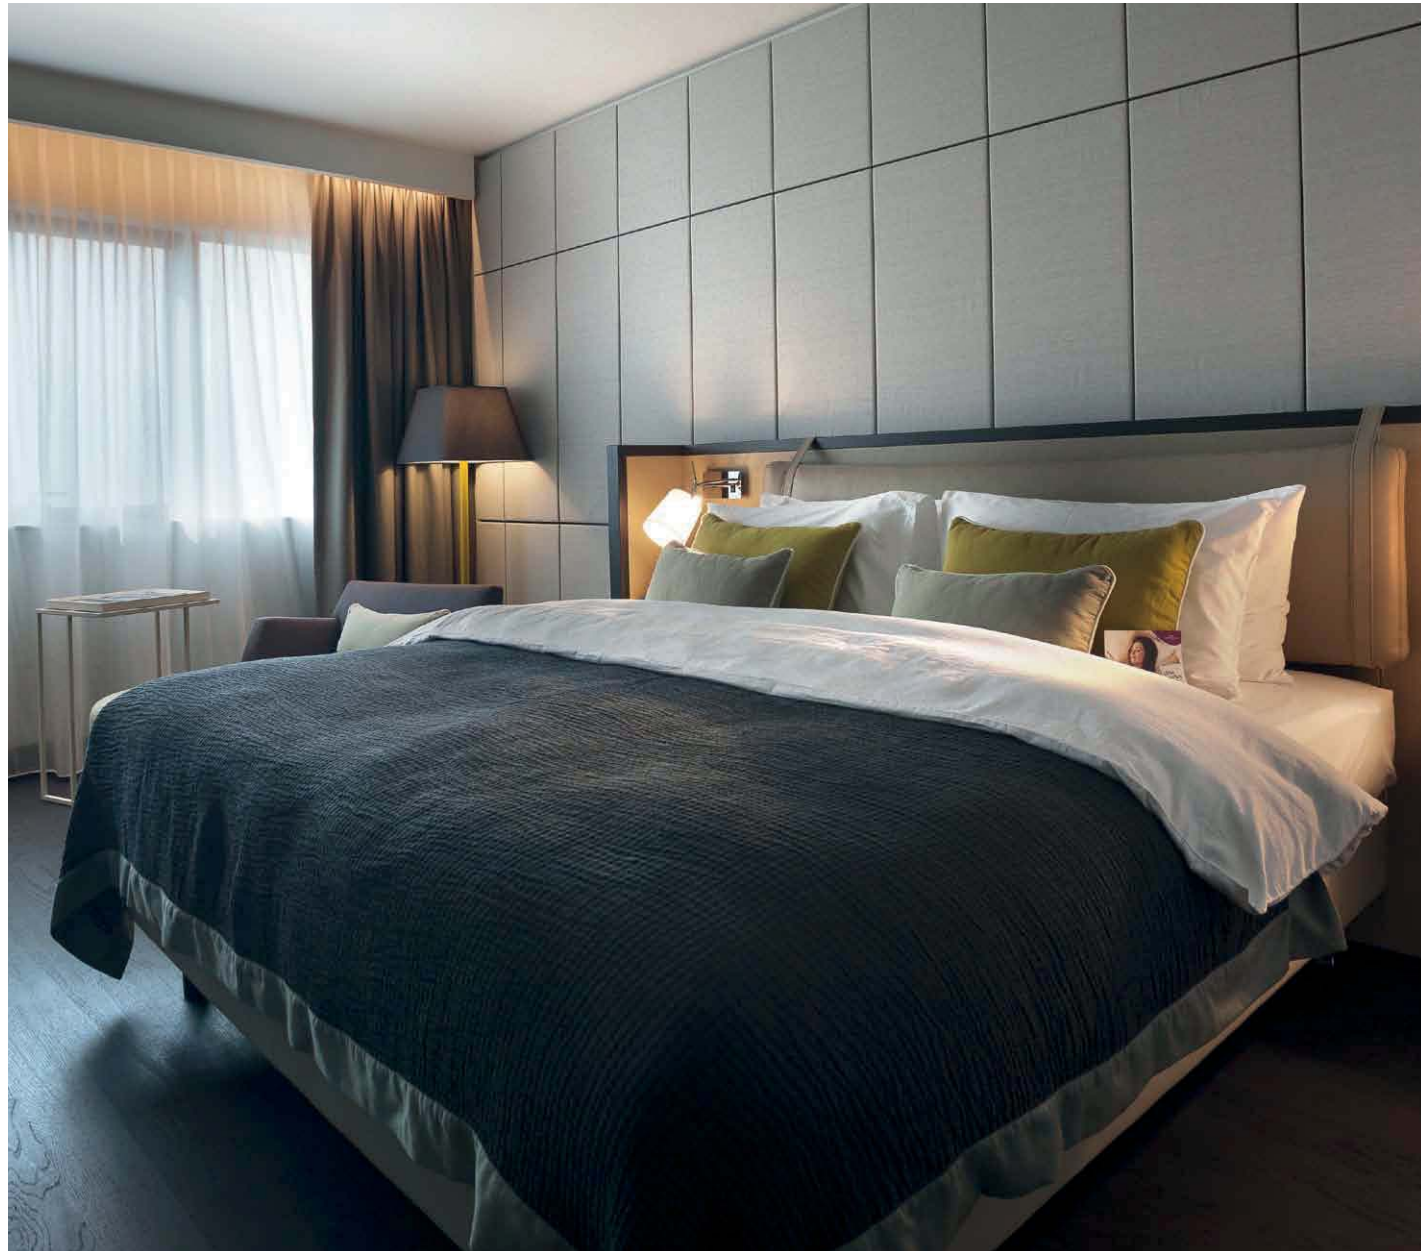

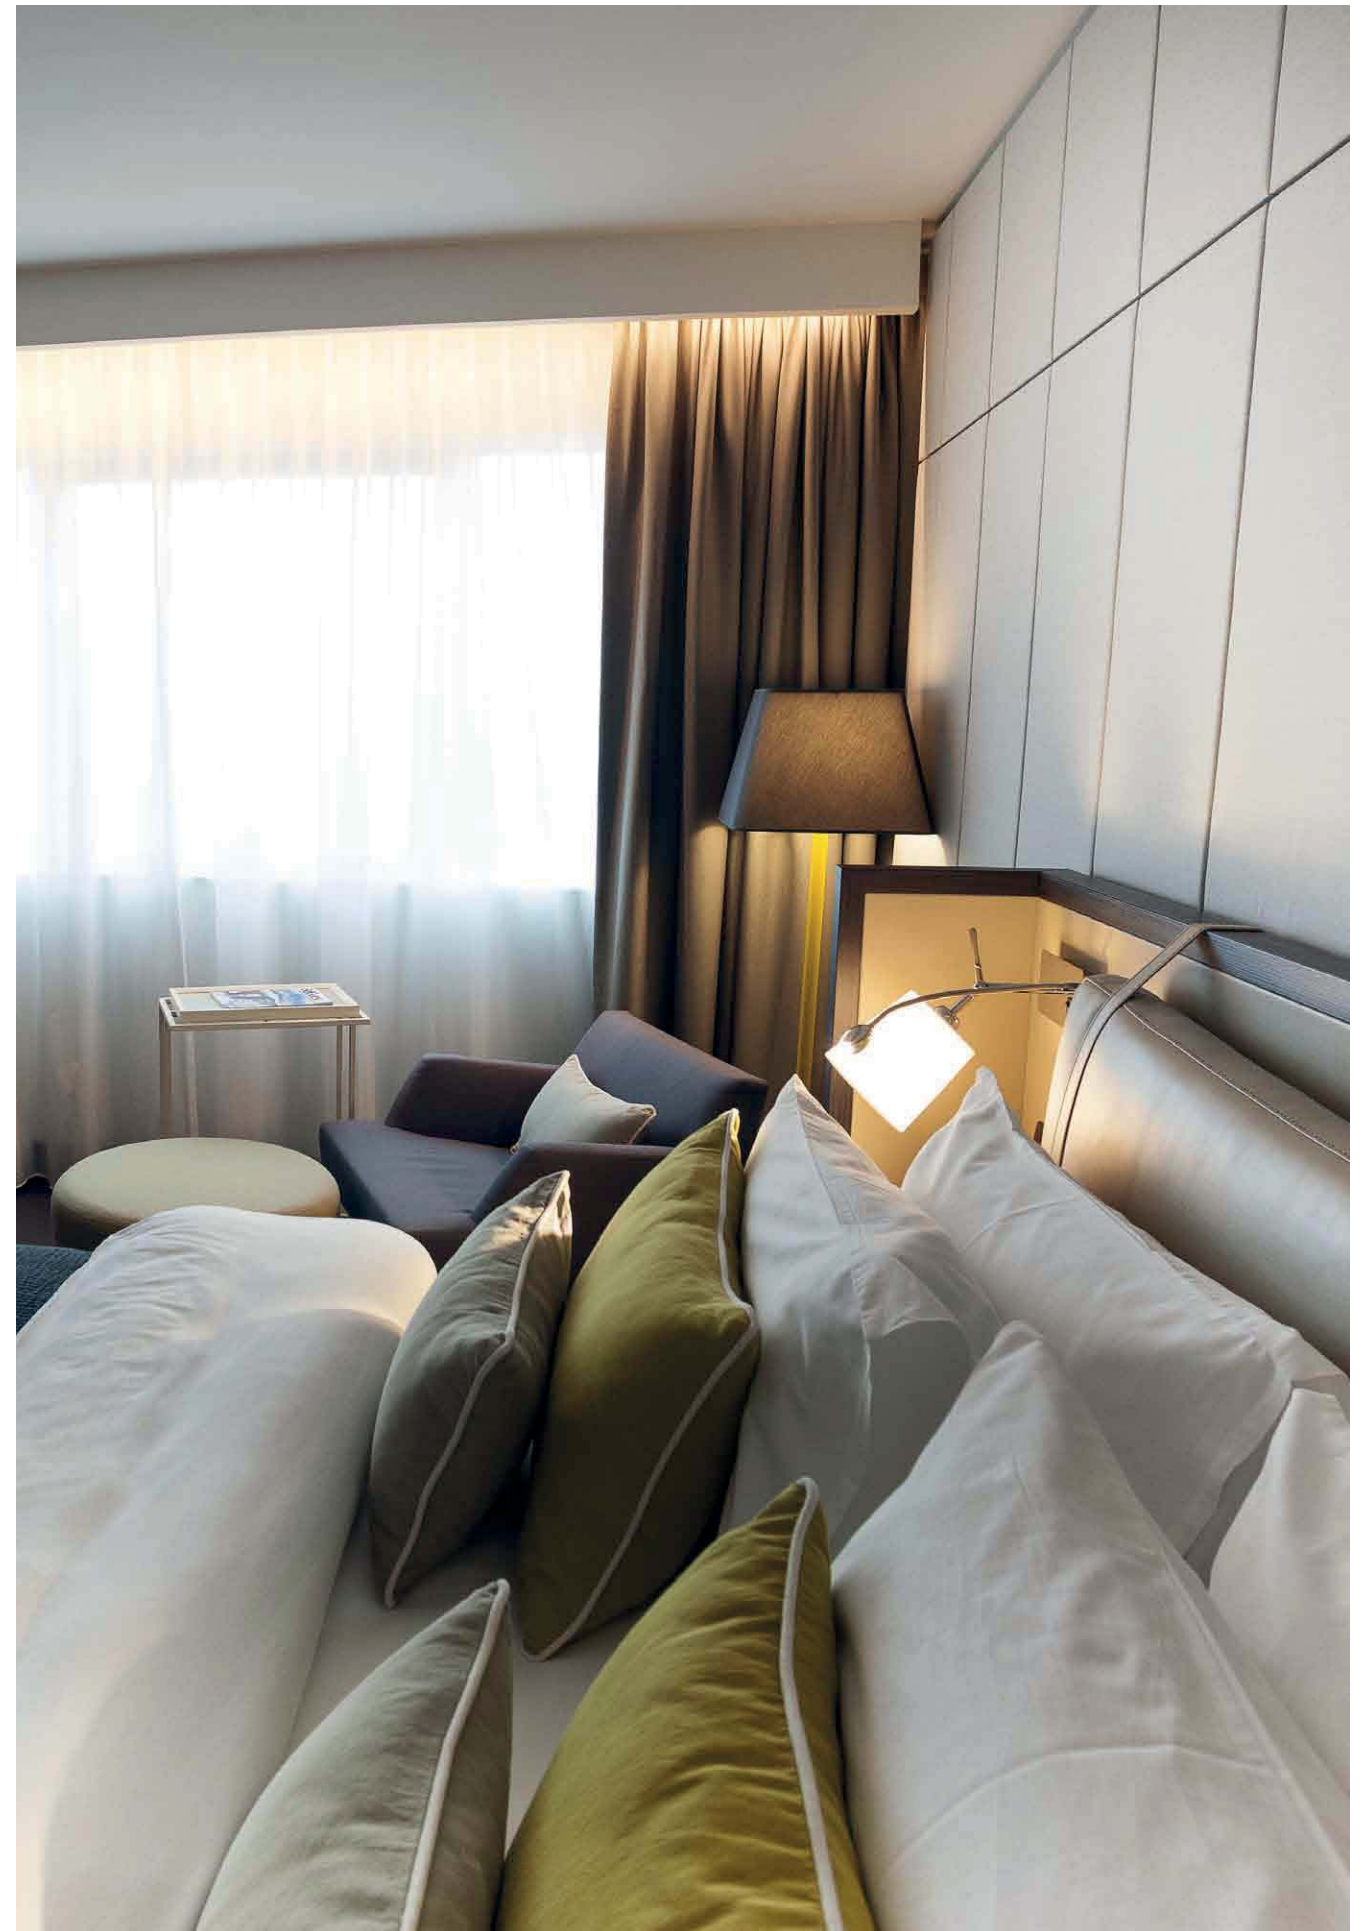

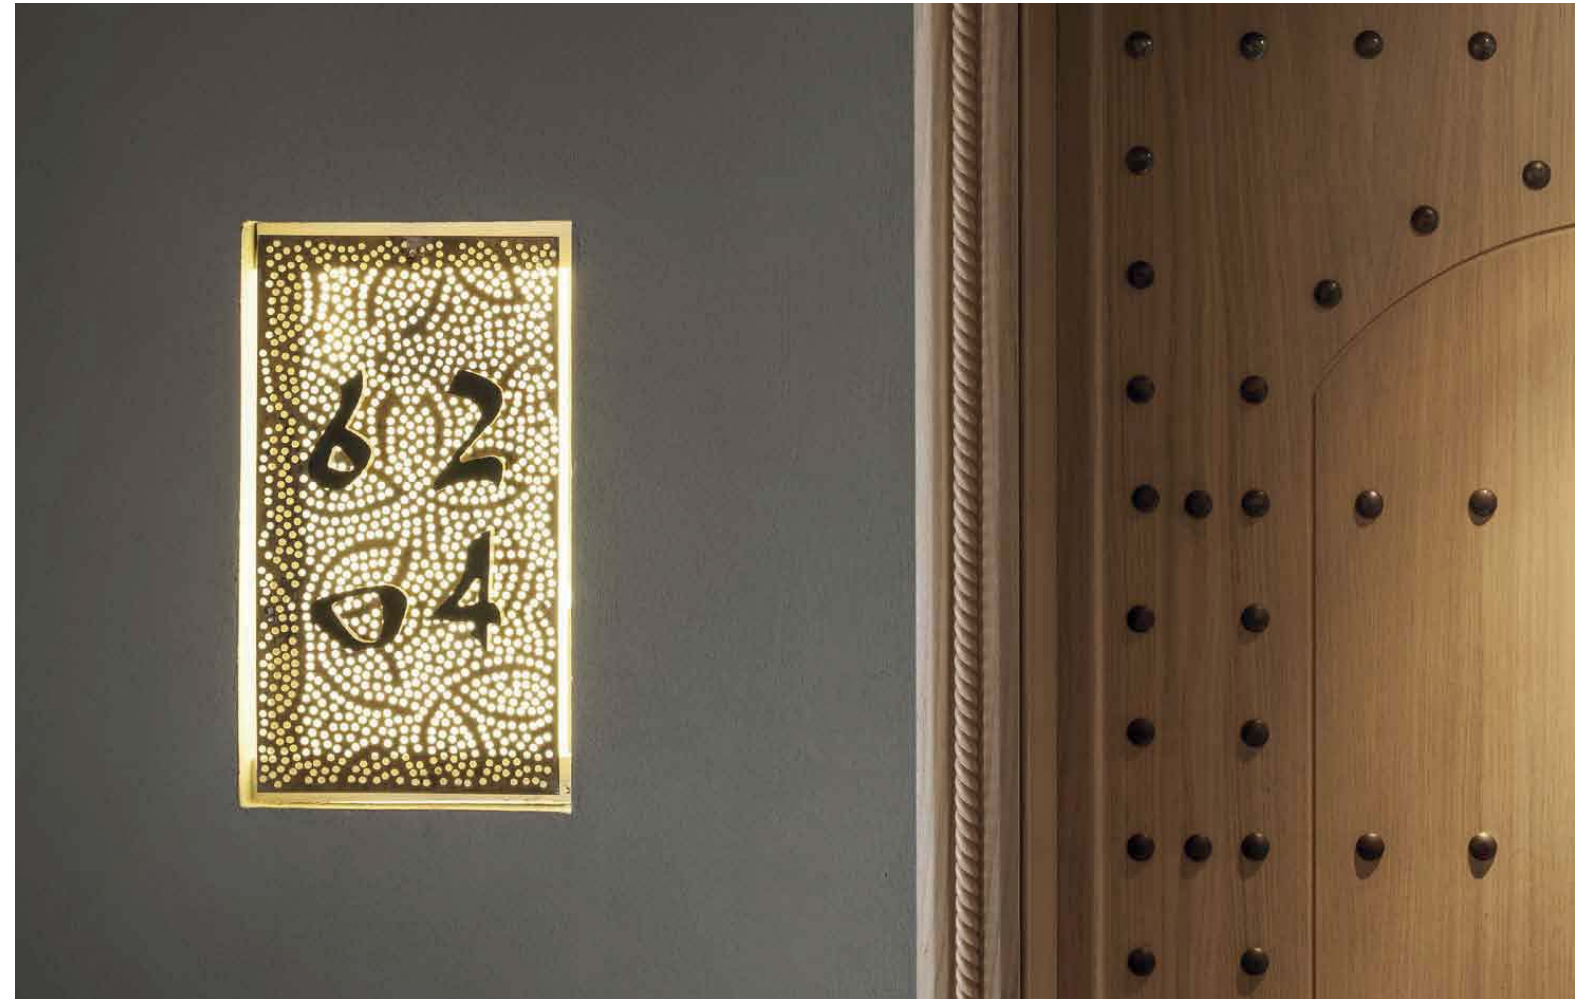

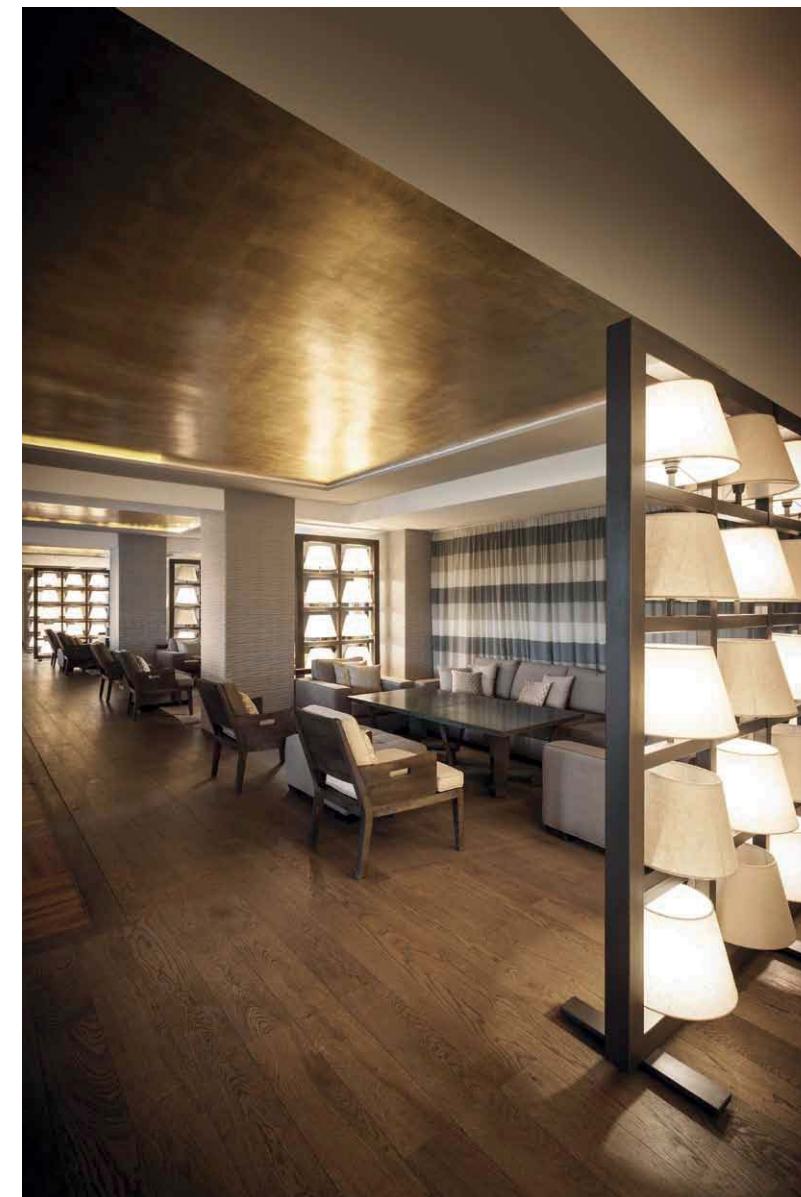

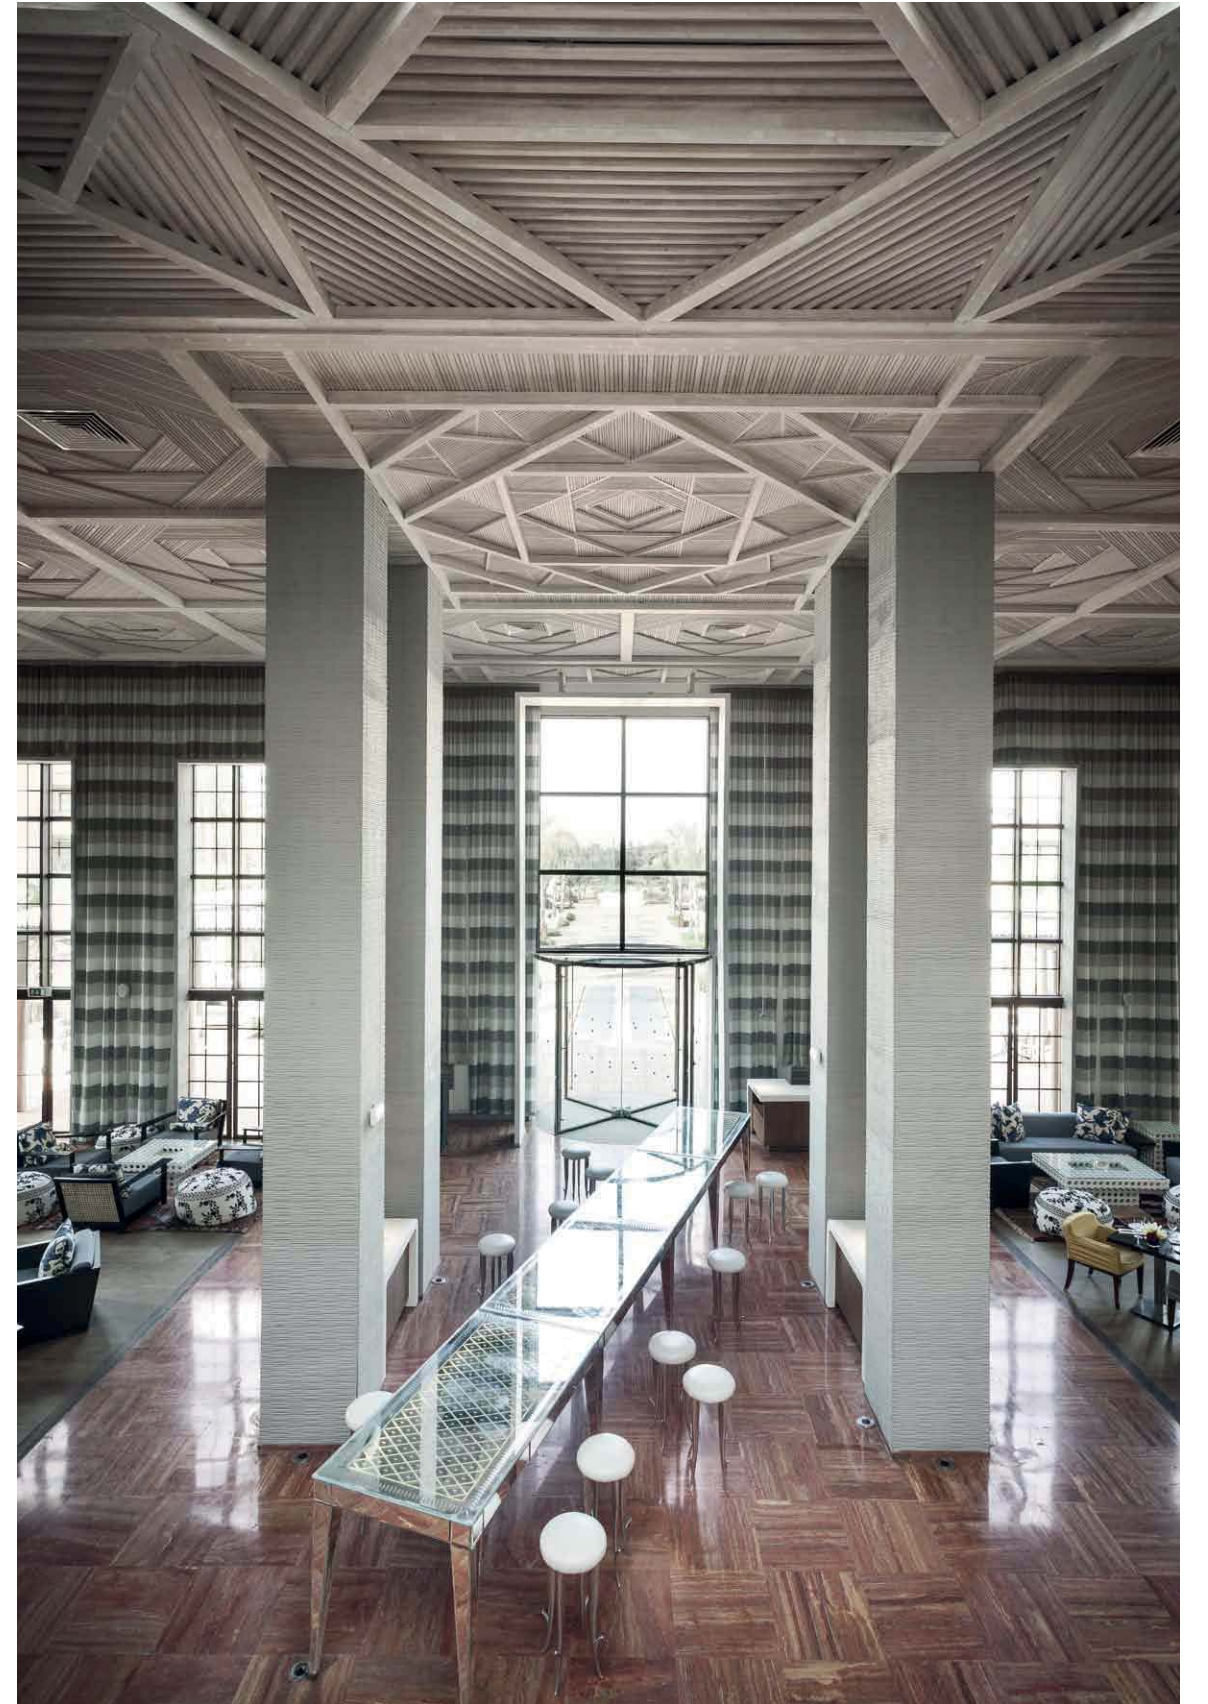

★★★★★ HOTEL DU GOLF  
MARRAKECH (MOROCCO)

315 ROOMS

A very modern and organic project, in which comfort and dialogue with the surrounding environment are pursued without compromise. Large windows characterise the style of this unique hotel, on one hand becoming a part of the room furnishings, on the other blending in with the landscape. Light thus becomes the principal material, to bring into the interior spaces the colours of the nature that surrounds the hotel.

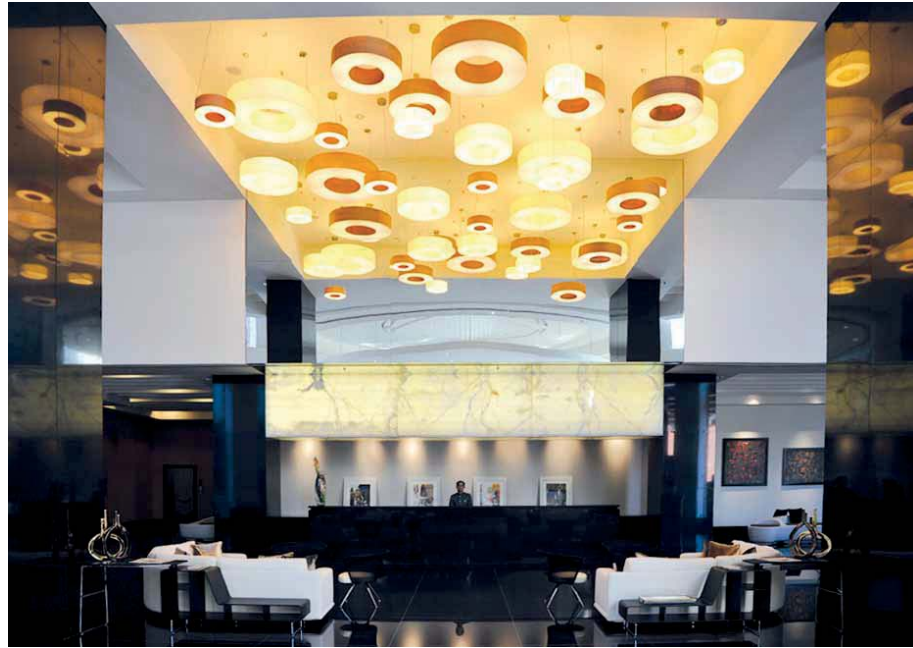

★★★★★ HOTEL CROWNE PLAZA  
BANGALORE (INDIA)

265 ROOMS

A masterpiece of rationalism and elegance set in the heart of this labyrinth of a city and culture.  
Here the dialogue is between the far-seeing rigor of lines and colours adopted on one hand and the  
attention to details that are minute and interwoven on the other, such as the decorations that ennoble  
dark wood or plaster partitions. Carefully selected paintings in excellent taste are the signature of a  
truly unique hotel.
